

## **A Message for Prospective Ravenscroft Student-Athletes**

We appreciate your interest in Ravenscroft. At Ravenscroft, we maintain high expectations for all our programs. Our competitive athletic programs promote growth and develop leadership skills in our student-athletes while providing them an opportunity to build meaningful and lifelong relationships.

As a member of the North Carolina Independent Schools Athletic Association (NCISAA), Ravenscroft does not actively recruit athletes to play sports at our school. In accordance with NCISAA rules: "Coaches, teachers, administrators, other school employees or persons known to be associated with the school's athletic booster club may not initiate contact with a student-athlete to encourage him or her to attend the school. Once a student has made initial contact with the school's admissions office, then coaches or other representatives of the school may approach the student about the school's programs."

**Ravenscroft School does not provide athletic scholarships for student-athletes.**

To learn more about Ravenscroft School and all of our programs, please contact the [Admissions Office](#).
