

Financial Aid at Ravenscroft

Our Commitment

Ravenscroft is committed to providing an excellent educational experience to qualified students. Affordability is a significant consideration for any family considering a private independent school education. Ravenscroft is committed to offering grant-based financial aid to families with demonstrated financial need. While financial assistance is available to qualifying families, it is our policy and our expectation that everyone attending Ravenscroft shares in the financial responsibility of the cost of the education.

Priority for financial aid awards is given to families completing the process within the stated deadlines. It is important to note that a delay in completing the financial aid application will affect a family's consideration for aid.

In addition to financial aid, Ravenscroft offers a variety of merit-based scholarships. For more information, visit our website.

Complete the Financial Aid Application

Families must apply online for financial aid at TADS.com, and the application for financial aid must be made at the same time as applying for admission. The process for requesting and receiving financial aid is separate from the admissions process; however at the time of Decision Notification, we do provide families with a status update on financial aid consideration.

Applications for financial aid begin on Oct. 15, 2016, and the deadline for the TADS online application is the same as the admissions application deadline.

Note: Your applications are confidential and are reviewed in the order they are completed and received.

Required Documents

All documents must be sent directly to TADS or uploaded with your TADS financial aid application (please do not send tax documents to Ravenscroft). To complete your application, you must:

- Complete a TADS online financial aid application
- Provide to TADS copies of parents' last two years of federal tax returns
- Provide W-2 forms for both parents
- Submit most recent pay stubs for both parents

If you have questions regarding your TADS financial aid application or need assistance with sending in the required documentation, please contact TADS directly at:

Financial Aid Decisions

Students must apply for admission and be accepted before a financial aid award can be offered. Financial aid awards can only be finalized after enrollment is accepted and a financial aid grant is offered.

Financial aid decisions are published at the same time the Admissions Office provides acceptance decision notifications. The decisions and notification are made available online through the Ravenscroft Online Admissions Portal.
